DETAILED ACTION

Claims Status: 1 -24, are rejected.

Applicant's arguments with respect to claims 1-24 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.

Claims 1-24, are rejected under 35 U.S.C. 103(a) as being unpatentable over Bunnell, and further in view of Morgenstern (US Patent No. 5,970,490).

1. Regarding Claims 1, 6, 11, and 16, Bunnell discloses a method for managing a plurality of nodes in a layered hierarchically organized database stored in a server on a computer network (see Fig. 2, 30, column 6, lines 27-32, Bunnell) comprising:

accessing a subset of said nodes in response to a client request (see column 5, lines 21-27, Bunnell);

modifying one or more state attributes associated with said nodes to control merging and updating of layers to a resulting layered hierarchical database in response to said client request (see column 6, lines 7-10, Bunnell); and

Art Unit: 2171

5. Regarding Claims 5, 10, 15, and 20, the combination of Bunnell/Morgenstern discloses a method wherein said nodes are organized in a Document Object Model format (see column 10, lines 64-53, Bunnell).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
